

Citrix Cloud Trials and Demonstrations

Users can test, assess, and confirm a full production environment in a proof-of-concept or pilot with one or more Citrix Cloud services. All trials can be accessed using the [Get Started with Citrix Cloud Service page](#) or using the links below.

Trials are designed to be tested with your choice of on-premises infrastructure and/or public cloud, your applications, and your Microsoft Active Directory. You will be able to set up and configure services, workspaces, and resource locations.

If you decide during your trial that you want to convert to production and purchase a subscription package, you can do so at any time. All your existing configurations will be saved and available for your continued use

- » Service trials vary from 30 to 60 days
- » Customers request Trial access from within their Citrix Cloud account
- » Setup and configure services, workspaces and resource locations
- » Allow up to 25 subscribers access to their custom workspaces

Users with existing Citrix Cloud accounts can request a trial by logging on to your Citrix Cloud account. From the management console, click Request Trial for the service you want to try out. When your request is submitted, the button changes to Trial Requested.

Citrix Virtual Apps and Desktops (formerly XenApp & XenDesktop)

Live Demo

Citrix recommends attending a live demo to see Citrix Workspace in action. Register to see [end-user experience](#) or [how to administer Citrix Workspace as a cloud service](#).

Video Demo

Citrix offers a 4-part video series that provides an overview of Virtual Apps and Desktops overview, deployment, monitoring, and user access. [Video Demo How Do Citrix Virtual App and Virtual Desktop Work?](#)

Virtual Apps and Desktops Browser Demo

Citrix offers the ability to launch a virtual app and a Windows desktop on your browser to see how easy it will be for users to work. This 24-hour trial at no cost or commitment and does not require a download. [Free Citrix Virtual Apps and Desktops 24-hour Demo](#)

- » Easily and securely access apps, desktops, and data from any device, including smartphones, tablets, and PC
- » Open virtual apps with a real-time experience
- » Launch a Windows desktop from your web browser
- » All that is needed is a work email address. A temporary username and password for the demo will be sent

Virtual Apps and Virtual Desktop 90-day Trial Download

Try Citrix Virtual Apps (XenApp) for yourself with no commitments and no costs. Set up a fully functional, 99-user, 90-day free trial of Virtual Apps and/or Virtual Desktops in your environment.
